

BROCKLEY OPEN STUDIOS 2017

1st July –
3rd July

2017 is an exciting year for Brockley Open Studios. We're celebrating the 25th anniversary of local artists first opening their doors and sharing their talents with the community.

This summer, 38 creatives are showcasing their work. It is a fantastic opportunity to buy pieces directly from the artists, and to view them in relaxed, friendly and inspiring environments - all within walking distance of each other.

On June 29th, an introductory Private View will be held at St. Peter's Church. This group show serves as a wonderful opportunity to see a selection of work from our artists in one place.

And with this being a milestone for Brockley Open Studios, we're celebrating with the publication of a book commemorating this special event. The book showcases some artists who have helped make this the anticipated annual event it has become. The book can be bought at the Private View, or by emailing the address below.

Please share the invitation, and join us in celebrating.
