Education

Carnegie Mellon University, Class of 2018

BDes in Communication Design

Additional major in Human-Computer Interaction

Minor in Computer Science

Dean's list, all semesters 2015 - 2017

Experience

LinkedIn, User Experience Design Intern

Sunnyvale, CA | May - August 2017

Worked closely with engineers and other stakeholders to develop and refine prototypes and conduct user research/testing for app used by LinkedIn's sales representatives. In addition, I took on branding and logo design projects.

Zillow Group, StreetEasy Design Intern

New York, NY | May - August 2016

Worked with data team to make graphic content for StreetEasy blog; created style guide and welcome series for Naked Apartments emails; worked with recruiting team to create promotional material.

Capital One, User Experience Design Intern

San Francisco, CA | May - August 2015

Worked with VP of design Daniel Makoski to design the software component of a digital / physical tool to help customers better manage their financial fitness. My responsibilities included prototyping, sketching, motion graphics, development in Unity, as well as user research and testing.

Activities

Lunar Gala, Brand Designer

For CMU's annual fashion show, led brand development for the year's theme and created style guide for for the creative team to reference in their designs.

The Cut Music Magazine

Layout for The Cut, Carnegie Mellon's music magazine.
