## LAMPCO CONSTRUCTION

A major part of the construction side of our business leans towards property refurbishments and developments.

## LAMPCO CONSTRUCTION

### LEADING PROVIDERS OF DECENT HOMES PROJECTS ACROSS LONDON

Established in 2002, Lampco Construction have been trusted to be one of the main providers in the Decent Homes market in the South and South East of England. Meeting all industry set and governmental regulations, we refurbish properties into comfortable, liveable spaces using a professional and experienced skillset. Whether it's the building's support that needs maintenance, or the plumbing utilities require repairs, we can assist on a large or small scale basis.

Our management team have carefully selected the finest subcontractors to carry out any works where necessary. With a large, specialised team at your disposal, we have the capacity to handle up to 25 properties per project every week with a turnaround time of no greater than 10 days. According to the standards set by social housing authorities.

we can help to ensure that all homes are:

- Free of health and safety hazards
- In an excellent state of repair
- Well insulated for comfort
- Fitted with modern installations in kitchens and bathrooms
- Equipped with efficiently working heating units

## LAMPCO CONSTRUCTION

We assist with commercial and industrial buildings,  
and local authorities throughout London.

### New build constructions

Whether for domestic or commercial properties, we can help with projects with a value up to £10m. From full housing developments or a new showroom for your business, we'll meet all of your needs.

### Listed building refurbishments

We pay close attention to the heritage of historic and listed buildings whether they are grade I, II or III. If you need assistance with a full refurbishment, our experienced team can help deliver the finest results.

### Private dwellings

If you'd like a home extension or other construction works at your domestic property, we can assist you. From values ranging between £5,000 and £500,000 you can rely on us to deliver high quality in your timescale.

### Better Homes standards are met

The Better Homes Standard far exceeds the government's minimum requirements. At Lampco Construction, we can ensure that all properties are modernised, attractive, and well insulated.

## LAMPCO PLUMBING

We are suppliers and stockists of plumbing products to retail and trade outlets.

## LAMPCO PLUMBING

### LOOKING FOR PLUMBING PRODUCTS FOR TRADE OR DIY REASONS?

Supplying a range of different plumbing products for a number of different appliances, you can find what you need with Lampco Plumbing Supplies in London. To create the perfect bathroom or kitchen that your customer has always dreamt of, we stock only the finest materials ranging from chrome and brass, to hardwood flooring and electrical fittings. You can design traditional and classic themes or a more modern and contemporary style with our range of options.

If you're shopping for trade reasons, we can provide you with a selection of bulk items to prepare yourself for any works that you have coming up. You can give your customers a wide variety to choose from to ensure that they're satisfied with the project you're completing for them. Or if you simply need a couple of taps for your bathroom that you want to install yourself, we can help you. We tailor our service to your requirements and with our experienced and professional advice, can make recommendations to match your tastes.

Visit our showroom and trade counter in London to discuss your options. With top branded items at affordable prices, we can be your one-stop shop for whatever plumbing supplies you need.

A photograph of a bathroom fixture showroom. In the foreground, several white pedestal sinks with modern chrome faucets are displayed on a white vanity. Behind them, a wall of yellow and white mosaic tiles features various showerheads and shower systems. A large mirror above the vanity reflects the products. A dark semi-transparent box with white text is overlaid on the left side of the image.

## LAMPCO PLUMBING

With traditional and modern themed accessories, to essential plumbing supplies including piping and fittings, we'll have what you need.

## Plumbing

Do you need piping to provide repairs to a radiator or boiler system? From copper fittings to durable plastics, we stock all types of different fittings and accessories to complete your plumbing installations and maintenance.

## Heating

With a supply and install service, we can help with boiler systems and gas central heating. Whether on a large scale basis for a commercial property or an upgrade to an existing domestic system, you can rely on us.

## Electrical

- Interior and exterior lighting
- Fuseboxes, plug sockets and switches
- Fire and smoke alarms
- Cables, wiring and data networking
- Electrical tools, testing equipment and more

## Bathroom

- Bathroom suites
- Bathroom furniture and accessories
- Vanity and ceramic basins
- Taps and showerheads
- Baths, sanitaryware and jacuzzis

## LAMPCO DEVELOPMENT

From the initial identifying of a site, to the conception and completion of the construction, Lampco Group can help with your new build developments.

## LAMPCO DEVELOPMENTS

### BUILD A NEW PROPERTY WITH LAMPCO DEVELOPMENTS IN LONDON

Lampco Developments can assist you with the entire process of building a new property. From locating a site for your new building to be constructed, to the conception of the schematics right through to the completion of the project, you can rely on us to take care of everything for you.

We pride ourselves on the delivery of high quality constructions within a timescale that we can agree with you.

Our expertise knows no limits. Our domestic, commercial, retail and industrial services can help you to construct a new property for any reason throughout London and the Home Counties. Whether you'd like a new house for your family to live in, want to set up premises for a business expansion, or simply want an extension of an existing public building, we can help you.

You are included throughout the entire process and kept informed about the deliverables and viability. Working towards a budget set out by you in the initial development stage, we'll design a modern property that has all of the features and specifications that you demand.

## LAMPCO DEVELOPMENT

We provide domestic, commercial, and industrial services.

## Residential

Don't wait for the right house to come on the market at the right price - you could be waiting a while! Lampco Developments can assist you in designing and constructing your dream home in London.

## Commercial

All aspects for the development of a new commercial property are expertly researched before a brick is laid. Depending on your business size and what the building is for, we can design something to accommodate you.

## Industrial

Lampco Developments specialise in large scale projects for industrial usage. We'll take care of all of the architectural designs and planning permissions with local authorities to kickstart your project as soon as possible.

## LAMPCO FACADES

Our team can help with the design and build process of stunning facades that are attractive and energy efficient.

## LAMPCO FACADES

### DESIGN STUNNING FACADES FOR YOUR PROPERTY

The front of your building is the first thing that people notice, and image is everything in the corporate world. Provide your clients with a lasting and positive first impression with an installation created by Lampco Facades. Tailored to your property's architecture, we take full control of the design and build process that can make your business stand out for all the right reasons.

As well as the aesthetical advantages that our facades can bring, there are also practical benefits that you can enjoy. Our low maintenance fittings are perfect for all building sizes and are built to last for many years to come. Offering full protection from the outside elements to improve your energy efficiency, your building can also increase its fire-resistance rating and improve the thermal properties with our specialist materials.

Lampco Facades offer a bespoke service that is tailored to your specifications and budget. Our experienced team can discuss your available options with professional advice on what is the best way to proceed with your project.

#### Contact Lampco Facades

Phone: 020 8799 0955

Fax: 020 8799 0956

Web: [www.lampcogroup.com](http://www.lampcogroup.com)

## LAMPCO FACADES

Our team can also protect your building from outside elements and improve your fire-resistance rating.

## Design

Facades come in a variety of different shapes and sizes. Lampco Facades can visit your property for a full survey and come up with the schematics that not only are suited to your building, but also your tastes.

## Build

Whether you have a multi-storey property or would like assistance with domestic developments, our team are fully qualified and regulated to provide you with a full building service in London.

## Architecture

Part of our design and build service is taking into consideration the architecture of the building and its current materials. With professional planning and drawing, we can create a facade that matches your property.
