LOCAL ORGANIZERS CURATE AND SHOWCASE A DIVERSE CREATIVE AND NETWORKING EVENT.

This fall, Wilmington's most enterprising designers and entrepreneurs are gathering together for an unmissable event with speakers, specials, markets, demonstrations and parties. DETAIL incorporates elements of design, art and involvement, with a fresh and engaging approach to benefit the community and illustrate its readiness to become one of the country's most sought after destinations for those industries.

The afternoon's big feature is There's Something To Do, a makers' market running from 1-4 PM in the Beam Room above Front Street Brewery.
