Dear Mr. Kreynin

I feel compelled to put in writing my utter gratitude to you and your company for wonderful products and continued support.

In the past year we have been using Voxme and utilizing the equipment and the software to our needs. We had many requirements from your company to customize Voxme to our needs, you have managed to do so without fail and very fast.

It is very hard to find a good support once you have purchased a product but with your company this is proved us wrong. Voxme is there to answer questions at all times, our operation team, movers and office staff can count on your support at all times.

Sea and Air International is **GOING GREEN** and with the help of Voxme, we have managed to decrease the use of paper work in our office by 50%. We are hoping to reduce the use of paper by further 20% by the end of 2008 with your help and continued support.

Thank you for all your help so far and all the best with your product.

Please do no hesitate to call on me in the future as a reference

Best regards,

Yaniv Risman
